KATCHY DUO

2-IN-1 INSECT TRAP

SCAN HERE FOR
GLUE PAD REFILLS

Katchy Duo is a 2-in-1 UV light halo lure and a refillable liquid bait trap that makes your space a no-fly zone.

Four levels of technology work together to pull bugs out of sight and keep them gone. When you activate your Duo, the 360° ring of UV light and liquid bait capsule start luring flying pests, while the fan and glue trap inside make sure they stay stuck.

GET STARTED

1. Plug wall adapter into Katchy Duo and into the wall outlet
2. Slide the glue board tray out
3. Remove cover on glue trap to expose sticky side
4. Place board sticky side up in the bay and close drawer
5. Add liquid bait to the Liquid Bait Trap Capsule (recommended)
6. Activate by pressing either AUTO or MANUAL button

BUTTONS

ON/OFF

Katchy Duo can be turned on and off by pressing either the MANUAL or AUTO button.

MODES

There are two ways to use Katchy Duo:

AUTOMATIC MODE

Press the AUTO button to activate automatic mode. The fan and light will start running automatically when the light-sensitive console detects it is dark enough to effectively trap pests.

MANUAL MODE

Press MANUAL button once to turn on, and once to turn off. In Manual Mode, UV light lure can be made brighter or dimmer by pressing the Light button. Fan settings can be made stronger or more gentle by pressing the Fan button.

FAN BUTTON

Change the fan speed by pressing the fan button.

LIGHT BUTTON

Press the light button to cycle through brightness settings.

Fan settings and Light settings can be adjusted in both/either manual or automatic mode.

LIQUID BAIT TRAP

Locate the Liquid Bait Trap Capsule in the top center of your Katchy Duo device. Remove cap of bait trap. Fill with 1 TBS. of a bait solution (we recommend Apple Cider Vinegar and a drop of dish soap) as a tempting
